Missional Communities - they are famous for including people, caring for people, and speaking the truths of Jesus into each other’s lives. The people Missional Communities are without need.

Households on Mission: they are famous for “caring for neighbors”, speaking hope, and living at peace.

Budget Changes

What do we cut first, how do we structure it?

- Staff: Initially cut our part-time staff with severance. Full-time staff will be placed on a scaling back plan from full to part-time by July 2021.
- Benevolence: Increase benevolence fund and increase relational giving at MC level.
- Gathering: Initially cutting our entire gathering budget until Fall 2021. In fall 2021, our quarterly gathering structure will drastically reduce annual rent costs.

Spiritual Direction for 6 Months

Content and Plan for Formation

- Theological Education program to develop MC leaders
- Fastrack of MC Leadership
- Online Evangelism Training
- Online course on Spiritual Direction/Formation
- Home Worship Guides for the “10 people or less” gatherings
- Split MCs for smaller groups to do embodied worship
- Household Guides: “Mission Guide” - template for households to engage where they are and meet needs of those around them and speak the gospel and “Gospel Formation” guides for houses to own their development..

In Summary: We will take this opportunity and prepare ourselves to be a multiply network of micro-churches led by qualified, equipped, and encouraged leaders by Fall 2021
